Cybertech Global Events proudly presents Cybertech Tel Aviv, the renowned international exhibition and conference, and the LARGEST B2B networking events in the cyber industry, outside of the U.S.

This international 3-day cyber event presents an exhibition hall and a conference—boasting hundreds of companies, startups, and cyber-related organizations, along with over 180 local and international speakers and over 18,000 of participates from around the world.

Cybertech's main focus is in creating business and networking opportunities, along with forming new alliances from a wide range of sectors—including government, industry, and academia.

The event features the most trending topics in the realm of cyber and technology, such as Cloud, IoT, Blockchain, Fintech, Machine Learning, Quantum Computing, etc.

Cybertech Tel Aviv attracts thousands of attendees each year, mainly C-Level executives, investors, professionals, and government officials, from over 80 countries worldwide. The event provides an outstanding platform to make business happen, a place for investors to find the next big breakthrough, for companies looking to implement new technologies, and for many others who are interested in the world of cyber.

CYBERTECH TEL AVIV IS AN INTERNATIONAL EVENT — AMONG THE LEADING DELEGATIONS —

Cyprus

Supporters:

Cybertech provides attendees with a unique opportunity to network, strengthen existing alliances, form new ones, all while becoming acquainted with the latest innovations and solutions from the international cyber community.

- » **CYBERTECH EXHIBITION**: Hundreds of technology companies from around the world gather to display their latest cyber solutions. Additionally, governmental bodies present their cybersecurity programs and initiatives.
- » **EXCLUSIVE STARTUP PAVILION**: Innovative young startups present their cutting-edge developments and obtain global exposure.
- **TOP-TIER SPEAKERS:** Heads of State, C-level executives, entrepreneurs, multinational corporations, investors, and other local and international top-tier representatives and officials have a unique opportunity to participate in keynote speaking positions, panels, and stand-alone slots on a variety of topics concerning the global cyber community.
- » SPECIAL EVENTS: Including discussions about the most relevant trends in cybersecurity, and regional meetings organized by foreign delegations.
- » PRE-SCHEDULED BUSINESS MEETINGS: Thousands of meetings are pre-scheduled and arranged every year through Cybertech Tel Aviv's B2B platform and/or other opportunities to rent private rooms.

WE LOOK FORWARD TO SEEING YOU AT THE EVENT!
