CYBERTECH GLOBAL TEL AVIV
January 25- 27, 2022

Cybertech Global, the international cyber industry's summit, is a 3-day event consisting of a conference featuring top speakers and a sweeping exhibition hall. Each year, this event attracts leading companies, senior government officials, world-renowned speakers, innovative startups, and investors across all sectors.

Leading the world with the most high tech companies per capita, the coastal city of Tel Aviv has hosted Cybertech Global since 2014. This is the place to foster long-lasting business connections and create exciting new opportunities with government entities, industry leaders and academics.

With cyber leaders from over 80 countries coming together, visitors and participants can enjoy the B2B platform and use it to pre-schedule onsite business meetings.

Conference sessions cover a wide range of topics and touch upon different sectors - from security to logistics, through finance, education, and health. The conference will also feature sector-specific special events, designed to explore some of their unique challenges and opportunities.
