Cybertech Global, one of the greatest international cyber events globally, is a three-day conference featuring top speakers worldwide, a company & startup exhibition, special events, and networking platforms. Each year, Cybertech Global attracts leading companies, senior government officials, world-renowned speakers, innovative startups, and investors across all sectors.

In 2024, the tenth edition of Cybertech Global will be held in Tel Aviv. Since founded in 2014, Cybertech has grown rapidly, leading to the establishment of a worldwide cyber community. The conference in Tel Aviv is Cybertech's flagship event, with about 20,000 participants from 90 countries, and growing. It provides an opportunity to connect people, government entities, industry leaders, academics, and businesses of all sizes, especially with the exclusive B2B platform that allows attendees to pre-schedule onsite business meetings.

Cybertech Global is a breeding ground for sharing international knowledge, ideas, and innovative concepts in the cyber field. The diverse sessions cover various topics and touch upon different sectors – from security to logistics, through finance, education, communication, investments, health, and more. The conference will also feature sector-specific special events, designed to explore some of their unique challenges and opportunities.
